**SUMMARY:**

I work well with people in a leadership role and I am self-motivated to work remotely. As a flight attendant I have faced challenges that I have learned from and shaped who I am today. My experience in retail and retail management provided me with a strong foundation of skills consisting of client engagement, resource management, technical aptitude and business acumen. I am ready now to develop my recently acquired full stack web development skills in the workplace.

**EXPERIENCE:**

**Air Canada, December 2019 – June 2020** Flight Attendant
